MLTSS for people with DD was amended out.	House Health & Welfare 5/10/17 Yeas 3 / Nays 10	Involuntarily Deferred
<a href="#">HB245</a>	Hoffman	HEALTH/HOME CARE: Authorizes a home- and community-based services provider to recoup the cost of a preemployment background check	Against	2	Proposed law authorizes a home- and community-based services provider to require an applicant for employment to pay for or in any manner pass on to the applicant or withhold from an employee's pay the cost of the preemployment criminal history and security check required by state law. Amended to state provider shall reimburse applicant if applicant is hired and remains employed not less than three months.		Pending Senate Health & Welfare
<a href="#">HB330</a>	Henry	SCHOOLS/FINANCE-MFP: (Constitutional Amendment) Permits legislative amendment of the MFP formula to change the base cost per pupil and expands reference of school systems from 'city and parish' to 'city, parish and other local public' school systems.	For	2	Adding in "other local public school systems" will seemingly include charter schools, thereby rendering the charter school funding law (R.S. 17:3995) moot. If it passes it should end LDOE's use of different formula for funding city and parish school systems than is used for funding charter schools.		Pending House Education
<a href="#">HB405</a>	Hoffman	MEDICAID: Provides relative to the Medicaid disability services system; to establish reimbursement methodologies for providers	Against	2	Bill was amended that removed Council's major concerns. Pending Senate Introduction

<a href="#">HB532</a>	Hoffman	EDUCATION: Removes requirements for use of a value-added assessment model with regard to school and district accountability and teacher evaluations	For	2	Value-added assessments are particularly problematic with groupings of students with disabilities. It is not clear if the Legislature will remove language in statute requiring value-added calculations for school accountability when the draft ESSA plan includes such calculations.		Pending House Education
<a href="#">SB190</a>	Thompson	COLLEGES/UNIVERSITIES: Provides relative to college transition courses. High school seniors who do not meet the college readiness benchmarks established by the ACT for English and math would be required to take a transition course.	Against	2	Ignores course and outcomes of students pursuing career pathway and would require all seniors to take transition courses seemingly designed for college readiness. Appears to conflict with individualized transition planning desired for some students with disabilities.		Pending House Referral
<a href="#">SB226</a>	Hewitt	FUNDS/FUNDING: Eliminates certain statutory dedications and eliminates certain dedications of certain funds - including the NOW fund.	Against	2	Oppose the elimination of the NOW Fund. Will attempt to get the NOW Fund amended out.		Voluntarily Deferred

\* The positions noted above are not a position on the legislative instrument, but a position on the issues addressed in that instrument.

<a href="#">HB456</a>	Abramson	CONSTITUTION/CONVENTION: Provides for calling a limited constitutional convention and preparations therefor	For	3	Proposed law states legislative findings that there is a need to address a number of key policy areas that require constitutional change, that the constitution restricts the legislature in effectively addressing state and constituent needs, and that a serious analysis and revision of the state constitution is needed to conduct an examination of the state's critical needs, to consider reform proposals, and to craft provisions that allow legislative solutions. <a href="#">HB497</a>	Norton	STUDENT/DISCIPLINE: Prohibits corporal punishment in public elementary and secondary schools	For	3	Since students do not arrive at school pre-identified with a disability, an absolute ban on corporal punishment is the only true safeguard for students with disabilities. However, an absolute ban is not likely to pass and advocating for such could derail efforts to protect students who are already identified as having a disability.
