INTRODUCTION

This report is intended to produce a numerical and graphical picture of Special Education in Louisiana. It contains statistics about students with exceptionalities, their programs, Special Education personnel, and other student-level data. It is designed as a reference book to assist in planning and evaluating educational efforts for students with exceptionalities in Louisiana. The data reflect public school students only (unless otherwise noted) and include counts and/or percentages where meaningful.

The data are based on information submitted to the Louisiana Department of Education (LDOE) by local education agencies (LEAs). Special Education data are from Special Education Reporting (SER). The regular education data and discipline data are from the Student Information System (SIS), and nonpublic data are from the Nonpublic Report for 2011-2012.

The SIS data include all public school students in Louisiana as of February 1, 2012. Special Education data are based on the February 1, 2012 Minimum Foundation Program (MFP) Special Education Student Membership Count; the October 1, 2011 Individuals with Disabilities Education Act (IDEA) Child Count; federal data tables; and ad hoc reports generated from SER. Footnotes for tables/figures will indicate the count used.

In the tables that show percentages to one decimal place, the cross totals do not always sum to exactly 100 percent. This is due to rounding differences. Most tables have a TOTAL count, which is the sum of the LEAs. Some tables have a State of Louisiana count for the total, which is calculated differently than summing the numbers from the LEAs. Some tables reflect counts of students ages 3-5, some tables ages 6-21, and others ages 3-21. Some tables also reflect counts for general or regular education. General education includes all students – regular education (students without disabilities) and special education (students with disabilities and gifted/talented exceptionalities).

The LDOE has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

Special appreciation is extended to all school systems and education agencies that provided the information compiled in this publication.

STATISTICAL SUPPRESSION

The LDOE has modified and/or suppressed data reported to protect the privacy of students in compliance with the FERPA codified at 20 U.S.C. 1232g. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Rounding techniques are used with both counts and percentages. For example, actual numbers have been rounded down to the nearest multiple of 10 (e.g., the number 20 indicates there are between 20 and 29 students). For percents, \geq indicates the actual percent is within 10 percentage points (e.g., $\geq 20\%$ indicates the percent is between 20.0% and 29.9%).

State Special Education Data Profile 2011-2012 Summary

This summary is a highlight of major issues in the area of Special Education in Louisiana. It is intended to show current data, as well as a comparison of information over time.

MFP & IDEA CHILD COUNTS

- ◆ Students with disabilities represent 11.2% of the public school student membership (MFP) and gifted/talented students account for less than 5%, students without exceptionalities (regular education) account for greater than or equal to 80%. These percentages reflect the number in public schools only. (Table 2)
- ◆ The IDEA count of students with disabilities ages 3-5 (“All IDEA”) increased from 2009 to 2010 and again from 2010 to 2011. (Table 17)
- ◆ The IDEA count of students with disabilities ages 6-21 (“All IDEA”) decreased from 2009 to 2010 and from 2010 to 2011. (Table 18)

RACE/ETHNICITY AND GENDER COMPARISON

- ◆ Black or African American and White racial/ethnic groups comprise 92.4% of the general education public population and 95.0% of students with disabilities public population. Further, the general education population is comprised of 45.1% Black or African American and 47.4% White students, while 49.2% Black or African American and 45.8% White students make up the population of students with disabilities. (Tables 3 and 4)
- ◆ Males represent 51.3% of the general education public school population, while females represent 48.7%. Of the public population of students with disabilities, males represent 68.3% and females 31.7%. (Tables 5 and 6)

DISABILITY CATEGORIES

- ◆ Taken from the MFP Child Count (students ages 3-21), the following information reflects a comparison of Louisiana’s five major disability categories with the highest percentages over the past three years. (Tables 7 and 8)

	2009-2010*	2010-2011*	2011-2012*
Specific Learning Disability	29.7%	29.4%	29.8%
Speech or Language Impairment	25.4%	24.5%	22.9%
Developmental Delay	11.3%	11.8%	12.5%
Other Health Impairment	11.7%	12.0%	12.3%
Intellectual Disability	9.8%	9.7%	9.6%

*Public school students only

SETTINGS/EDUCATIONAL ENVIRONMENT

- ◆ Taken from the IDEA Child Count (students ages 6-21), the following information reflects a comparison of Louisiana’s three placement settings with the highest percentages over the past three years. The educational environment category with the highest percentage of students with disabilities ages 6-21 is “Inside regular class 80% or more of the day.” (Table 20)

	2009-2010*	2010-2011*	2011-2012*
Inside Regular Class 80% or More of the Day	62.9%	63.1%	63.1%
Inside Regular Class 79-40% of the Day	20.7%	21.0%	21.3%
Inside Regular Class Less than 40% of the Day	14.6%	14.2%	13.9%

*Does not include students ages 3-5 or nonpublic students.

REASONS STUDENTS EXIT FROM SPECIAL EDUCATION

- ◆ The data below reflect **only** those categories used by the federal Office of Special Education Programs (OSEP) to determine exit percentages for the states. These categories are High School Diploma, Received a Certificate, Dropped Out, Reached 22nd Birthday, and Died. These exit reasons are used to determine Leaver Rates (calculated by dividing each exit reason/category by the total of the five categories). The state leaver rates for applicable categories for three years are noted below. The counts were used to calculate the percentages below. Table 22 displays percentages only for all reasons students exit from Special Education.

	2009-2010	2010-2011	2011-2012
High School Diploma	31.0%	28.2%	32.4%
Received a Certificate	29.8%	33.2%	27.0%
Dropped Out	37.2%	37.4%	39.2%
Reached Maximum Age	<5%	<5%	<5%
Died	<5%	<5%	<5%

GIFTED/TALENTED STUDENTS

- ◆ There are less than 5% of students with gifted or talented exceptionalities (based on primary exceptionality) on the February 1, 2012 MFP Student Membership Count. (Table 2)
- ◆ Of the students with a gifted exceptionality, 50.6% are female, while 61.9% of the students with talented exceptionalities are female. (Tables 13 and 15)
- ◆ The majority of students classified with a gifted (70.3%) or talented (59.4%) exceptionality are White. (Tables 12 and 14)

EVALUATIONS

- ◆ The majority of evaluations conducted for special education and related services are re-evaluations (45.7%), followed by initial evaluations (34.2%). The remainder of the evaluations (20.1%) are waivers to the triennial re-evaluation. (Table 23)

DISCIPLINE

- ◆ Table 24 reports discipline information by type. As shown, disciplinary actions occur more commonly in the form of suspensions than expulsions.
- ◆ Table 25 provides a report on children with disabilities subject to disciplinary removal. This table reports removals statewide by disability. More disciplinary removals of students with disabilities totaled 10 days or less.

ASSESSMENT PARTICIPATION

- ◆ Tables 26 through 30 detail participation and performance of students with disabilities in statewide assessment. As shown in Table 26, a majority of students with disabilities participate in on-level assessment (LEAP/GEE/iLEAP).
- ◆ The percentage of students with disabilities proficient (scoring Basic or Above) on 4th and 8th grade LEAP and GEE high stakes tests by grade and subject is provided in Table 27. According to this table, a larger percentage of 4th grade students with disabilities scored proficient.

EXTENDED SCHOOL YEAR SERVICES (ESYS)

- ◆ For 2011, less than 5% of students statewide were eligible for ESYS. Of the students eligible in 2011, 88.5% were served. (Table 31)
- ◆ The number of students served in ESYS has shown fluctuating increases and decreases since 1994. (Figure 4)

PERSONNEL

- ◆ Of the special education teachers serving children with disabilities ages 3-5, 98.4% are Highly Qualified. Of those serving students with disabilities ages 6-21, 95.7% are Highly Qualified. (Tables 32 and 33)

GLOSSARY*

1. **Evaluation** – A multi-disciplinary appraisal of a child/student, ages three through 21 years, in all areas of suspected exceptionality through a systematic process of review; examination, interpretation, and analysis of screening data; developmental status; intervention efforts, interviews, observations, and test results, as required; and other assessment information relative to the predetermined criteria.
2. **Extended School Year Services (ESYS)** – The provision of Special Education and related services to students with disabilities, in accordance with an IEP, beyond the normal school year of the LEA.
3. **Extension** – A length of time by which the completion of an evaluation is extended beyond the 60 business day timelines. Extensions of evaluation timelines shall be justified by established criteria. These extensions are represented in the following categories: Interventions, End-of-School-Year, Unusual Circumstances, Specialized Diagnostic/Medical Services, Awaiting Report, and Natural Disaster.
4. **Highly Qualified** – “(A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that –
 - (i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State’s public charter school law; and
 - (ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary or provisional basis” 20 U.S.C Section 1401 (10).
5. **Individualized Education Program (IEP)** – A written plan developed, reviewed, and revised in a meeting for each student with an exceptionality.
6. **Individuals with Disabilities Education Act (IDEA) Federal Child Count** – Taken on October 1, 2011; a count of students with disabilities from ages 3-22+. This count does not include Gifted/Talented students.
7. **Interim Alternative Education Setting (IAES)** – An appropriate setting determined by the child’s IEP team due to an inappropriate behavior exhibited by the student in which the child is placed in the IAES for no more than 45 school days. This setting enables the child to continue to receive educational services, to participate in the general education curriculum (although in another setting), and to progress toward meeting the goals set out in the IEP. As appropriate, the setting

includes a functional behavioral assessment and behavioral intervention services and modifications to address the behavior violation so that it does not recur.

8. **Local Education Agency (LEA)** – A public board of education or other public authority legally constituted with the state for either administrative control or direction of or to perform a service function for public elementary or secondary schools in a city, parish, school district, or other political subdivision of the state. The term includes an educational service agency and any other public institution or agency having administrative control and direction of a public elementary or secondary school, including a public charter school that has been established as an LEA under State law.
9. **LEAP Alternate Assessment, Level 1 (LAA 1)** – Louisiana’s assessment for students with significant cognitive disabilities. This is a performance-based assessment designed for students whose instructional IEP objectives focus on functional academics.
10. **LEAP Alternate Assessment, Level 2 (LAA 2)** – Louisiana’s assessment for students with persistent academic disabilities. This allows eligible students to participate in an academic assessment that is sensitive to measuring progress in their learning.
11. **Minimum Foundation Program (MFP) State child count** – Taken on February 1, 2012; a count of students with a disability and gifted/talented students ages 0-21.
12. **Re-evaluation** – A repeat evaluation that is conducted by the IEP Team and the evaluation coordinator if conditions warrant, but is conducted at least once every three years, whenever the student is enrolled in special education.
13. **Regression-Recoupment** – A criterion that a student with a disability (SWD) can meet to be eligible to receive ESY services. A student who exhibits a pattern of regression-recoupment problems (i.e., reverts to a lower level of functioning after a break in instruction and fails to regain the skill level in a reasonable length of time) may need ESY services to maintain his or her skill level to avoid having to restart a sequence of instruction after instructional breaks. Other eligibility criteria are discussed in Bulletin 1530, Chapter 7.
14. **Services Plan** – A written plan that describes the specific special education and related services the LEA will provide to a nonpublic school student with a disability who has been designated to receive services.
15. **Special Education Reporting (SER)** – A web-based system for the LDOE designed to replace the mainframe-based Louisiana Network of Special Education Records (LANSER). SER is the statewide special education database of all

special education students. Specified reports can be generated from the SER student records.

16. **Student Information System (SIS)** – A system in the LDOE for collecting information about individual students enrolled in Louisiana public schools of all LEAs and other independent public schools [Laboratory, Type 2 & 5 charter schools, Special School District (SSD), Recovery School District (RSD), Board of Elementary and Secondary Education (BESE), and approved special schools].
17. **Qualified** – “As used in this part, the term *qualified* personnel means personnel who have met SEA-approved or SEA-recognized certification, licensing, registration, or other comparable requirements that apply to the area in which the individuals are providing *special education or related services*” 34 Code of Federal Regulations, Section 300.23.
